- F. Caustic solutions.
- G. Radiation materials.

The Board shall equip the schools with eye protective ware.

Schools may receive and expend federal, state, and local monies to provide eye protective devices.

For purposes of this procedure, *eye protective ware* means devices meeting the standards of the U.S.A. Standard Safety Code for head, eye, and respiratory protection, Z21-1959, and subsequent revisions thereof, approved by the United States of America Standards Institute, Inc.

Cloth Face Coverings

All persons, including, but not limited to, staff, students, vendors, visitors, and volunteers, shall wear a cloth face covering while on any District property, in any District facility, at any District event, whether indoors or outdoors, and in any District vehicle, including District busses or vehicles rented or leased by the District.

Individuals are to be reminded to avoid touching their cloth face covering and to wash their hands frequently. To ensure the proper use of cloth face coverings, staff and students are to be educated on how to wear and care for their cloth face coverings.

—HEALTH & WELL-BEING—

The heart of our decisions remains the safety of our students and staff. For the well-being of everyone, we will utilize the following guidelines.

STUDENTS

Health Screenings Prior to Coming to School

Parents should screen their children for COVID-19 symptoms each morning. Parents will need to self-report symptoms to their child's school and keep their child home if any symptoms are present. Students must not come to school if they exhibit any of the following symptoms.

SYMPTOMS

Fever of 100.4 degrees or higher, or chills

Shortness of breath or difficulty breathing

Muscle aches

Cough

Sore throat

Vomiting

Headache

Diarrhea

Fatigue

New loss of taste or smell

Congestion or runny nose

STUDENTS

If a student has health information on file that confirms a diagnosis of asthma or other respiratory condition and the nurse/health aide observes that there are no other symptoms, the nurse/health aide will contact the parent to inquire as to whether the student has had any other symptoms or there have been any COVID-19 exposures in the home. If not, the student may return to class.

Upon arrival at school, each student is expected to maintain social distance until their first period begins.

When at School

- Staff members will educate and remind students regularly to maintain at least 6 feet of distance between individuals at all times possible.
- Student seating, when possible, will be arranged to maintain as much physical distance as possible.
- Where possible, social distancing will be maintained in open or common areas, such as hallways, stairwells, cafeterias, and gymnasiums.
- Students will not share school supplies.
- Parents will be required to drop off/pick up students without getting out of the car, unless express permission from a site administrator is provided for good cause. If a parent has permission to get out of the car during drop-off/pick-up, the student should arrive at/leave school before or after assigned times for the majority of students.
- Signage will be posted in all rooms and common areas explaining hygiene practices to prevent spread.
- Parents will be required to drop off/pick up students without getting out of the car, unless express permission from a site administrator is provided for good cause. If a parent has permission to get out of the car during drop-off/pick-up, the student should arrive at/leave school before or after assigned times for the majority of students.
- Signage will be posted in all rooms and common areas explaining hygiene practices to prevent spread.

Cloth Face Coverings for Students

Students will be requested to bring their own cloth face coverings to and from school. Schools will attempt, when feasible possible, to have a supply of cloth face coverings available to provide students who cannot afford or do not have their own.

Students will be required to wear cloth face coverings when physical space does not allow for maintenance of six (6) feet of space between individuals. Students will not be required to wear cloth face coverings during physical activities and when social distancing is maintainable, though they may voluntarily wear cloth face coverings at any time.

How to Arrive at School

The following is the recommended protocol for students arriving at school. Students should follow these steps and keep at least 6 feet of distance when arriving at school.

STUDENTS

Cloth Face Coverings for Students Continued

Students who refuse to comply with the safety protocols adopted for in-person learning will be assigned to an online learning program pursuant to A.R.S. 15- 841(F).

Exceptions:

- Unable to wear a mask due to a health condition as evidenced by a doctor's note;
- Unconscious, incapacitated, or unable to remove a mask without assistance; or
- Subject to a 504 Plan or individualized education program (IEP) that makes wearing a face covering impossible. These students will be evaluated on an individual basis to determine whether there are additional accommodations that may be made to provide them with the greatest possible protection. Prior meeting and approval must be granted by the Campus or District Administration prior to the student reporting to any campus or site.

Note: Wearing cloth face coverings does not replace the need to maintain social distancing of at least six (6) feet whenever possible.

Hand Hygiene

Frequent hand washing/cleaning will be encouraged at regular intervals throughout the day with both soap and water or hand sanitizer. Hand sanitizing stations will be available at every school site for mobile use in the high-traffic areas of campus. All classrooms will have access to a minimum 60% alcohol-based hand sanitizer. Students will wash/sanitize their hands when:

- upon arrival at school
- after being outside for physical activity
- before and after lunch
- prior to leaving school for home
- after sneezing, coughing, or blowing their nose

Students are encouraged to bring their own hand sanitizer.

Bathrooms

Students will be permitted to enter bathrooms in groups no larger than the number of stalls/urinals in the bathroom, and will be directed to maintain social distancing. Posters will be displayed reminding students of proper handwashing techniques.

Front Office

- Plexiglass dividers will be installed in designated areas.
- Floor markings and signage have been placed to remind students, staff, and visitors to social distance.
- Additional disinfecting of high traffic and high touch point areas, such as countertops and door handles will be completed by the site lead on each campus.

STUDENTS

Enhanced Cleaning

- Additional disinfecting of high touch point areas, such as countertops and door handles will be completed by the site lead on each campus.
- All classrooms will have an EPA N-list registered disinfectant available for staff to disinfect high touch points as needed throughout the day.
- Training will be provided on the proper use/procedures for disinfecting and the required Personal Protective Equipment (PPE) required.
- Campus custodial teams will mobilize their response team in the event of a positive COVID-19 case and utilize industry and CDC recommendations to thoroughly clean and disinfect the contaminated area.

Specialized Classes

Some classes, such as science labs, choir, band, PE, and others, will require alternative lesson plans to limit contact and the sharing of supplies, and to reduce the spread of respiratory droplets. Sports equipment and any other shared items will be cleaned between uses by groups of students.

Exceptional Students

The Executive Director of Student Services will coordinate with site-based case managers to ensure that the needs of students receiving special education or 504 accommodations are being met in the context of implementation of these safety protocols.

Parents will be involved in any decision about an individual child's placement or services under the Individuals with Disabilities Education Act (IDEA) or Section 504.

Reporting Procedures

- School nurses will follow established screening protocols and will consult with public health officials to determine how best to handle students and staff who display or develop COVID-19 symptoms.
- School sites will communicate any confirmed case of COVID-19 among the student population to Yuma County Public Health Services District (YCPHSD). At each school site, the school nurse will be responsible for reporting.
- The district will follow YCPHSD protocols regarding confirmed cases and take specific guidance from the YCPHSD.
- The school will notify students who were possibly exposed to a confirmed COVID-19 case.

Visitors On Campus

The district sites will limit nonessential visitors and volunteers at school. Parent volunteers will not be allowed in the classroom during the COVID-19 health crisis.

Extracurricular Activities

- Field trips will not be conducted until it is deemed safe by YCPHSD and YUHSD. Teachers may use virtual learning opportunities (such as a virtual tour of a museum) to enhance students' educational experiences.
- School-wide assemblies will not be held with students assembled in the same physical location.
- Yuma Union High School District will take in consideration guidance from the YCPHSD, metrics created by the Governor's Office, and Arizona Interscholastic Association on when it is safe to resume athletics.
- When athletics are deemed safe to resume in Yuma County, district administration, athletic directors, certified athletic trainers, and coaches will develop protocols that incorporate applicable YCPHSD, Arizona Interscholastic Association, and CDC recommendations for athletic activities.

SUPPORT SERVICES

An integral part of everything we do at Yuma Union High School District is connected to support services. From transportation to technology to our invaluable staff in each of our offices, they are all a part of coming together to make this year successful.

Transportation

Pick-Up Procedures

- Students will remain in their seats until the driver dismisses them. Students will exit the bus beginning with the front seats.

Cleaning Procedures

- The inside of buses will be sprayed with disinfectant: Between AM and PM bus routes and at the end of each school day

Note: Wearing cloth face coverings does not replace the need to maintain social distancing of at least six (6) feet whenever possible.

Hand Hygiene

Frequent hand washing/cleaning will be encouraged at regular intervals throughout the day with both soap and water or hand sanitizer. Hand sanitizing stations will be available at every school site for mobile use in the high-traffic areas of campus. Employees will washing/sanitize their hands when:

January 25, 2021

Dear: Tim Brienza, Associate Superintendent, Yuma Union High School

The City of Yuma thanks you for providing notice and an operation plan for the upcoming athletic events occurring at your schools. The regulatory body for Arizona school athletics and activities is the Arizona Interscholastic Association (AIA), so any local school is required to meet the AIA regulations leaving the local Arizona city/town little or no independent jurisdiction.

The general AIA guidelines are found here: <https://www.aiaonline.org/files/17051/aia-recommended-guidelines-for-return-to-activity.pdf> and the AIA Winter Sports modifications are found here: <https://www.aiaonline.org/files/17250/2020-winter-sports-modifications.pdf>.

The AIA guidelines are put forth with the approval of the Arizona Department of Health Services (AZDHS), and the AIA guidelines are specific to scholastic events and enhance the existing AZDHS or Federal Centers for Disease Control and Prevention (CDC) general guidelines. As previously discussed, the AZDHS and CDC prioritize outdoor events over inside events, as outdoor events provide ample fresh air and space to social distance. The City of Yuma has implemented the CDC/AZDHS priorities for outdoor events and has refrained from approving any inside event through the next 30 to 90 days to allow the region's COVID benchmarks to subside. However, the AIA guidelines are specific to the Arizona school athletics and activities and therefore control.

The City of Yuma defers to the AIA guidelines including the monitoring and enforcement required by each school. In accordance with Governor Ducey's Executive Order 2020-59, the City of Yuma will place your mitigation plans on the City of Yuma website. Obviously, community health is paramount; please feel free to reach out to the City of Yuma as a resource and to assist you in protecting our community's health.

Respectfully,

Randall Crist, CBO/Interim Director of Community Development
